200k-300k	\$560.81
300k-400k	\$618.56
400k-500k	\$728.81

*NOOA Late Application and Fee Payment Procedure

If the application and fees have not been received and processed by March 17:

- The application or renewal application cannot proceed (including arranging an inspection) until:
 - Fees are paid or a payment plan has been approved by the NOOA Administrator and Board Executives
 - Possible payment plans, on a bi-weekly or monthly schedule, with dates and amounts specified over a specific timeline, include: post-dated cheques or e-transfer payments
- A late fee of \$200 is applied and needs to be paid before the file is reactivated.
- The applicant's status is changed to "not in good standing" on NOOA's and OrganicBC's lists.

If the application and fees have not been received and processed by April 1, and there has been no communication with the NOOA Administrator:

- The applicant will miss inspection planning for the year, so will need to:
 - Pay full cost of the inspection or wait until the following year to apply.
 - For renewals, this means losing time towards transitional status and possible loss of full Certified Organic status due to the lapse.
- Possible payment plans, on a bi-weekly or monthly schedule, with dates and amounts specified over a specific timeline, include: post-dated cheques or e-transfer payments

****Certified Low Risk Farm Status**

- The operation must be assessed for risk and receive a low risk ranking from a certification committee
- Operation must have received a valid organic certificate in all of the previous three years
- Operation must not have outstanding conditions
- Operation must not be exporting organic product out of BC
- Operation must not practice parallel production
- The operation's neighbouring land-use poses no threat of contamination
- The operation keeps accurate, and current records

If you meet the above requirements for Low Risk but have not yet been assessed please contact the Administrator to schedule an assessment at the time of this year's inspection. Regular NOOA fees apply until Low Risk ranking has been officially granted by the Certification Committee. If granted, the reduced rates for Low Risk would apply the following year.

*****OrganicBC Membership Fees Table**

- This is a mandatory fee paid by all members
- Membership and Logo fees for OrganicBC are sliding scale based on the gross organic income from last year
- Please find the applicable category and include this fee with your application
- Fee is based on the accepted 2016 rate and includes 5% GST
- Please Note: the higher end of the scale has not been included for space purposes

********Certification Committee and Board Member discounts will be treated as a credit towards the following years certification fees. If a member who has served time decides to not renew their certification with NOOA then a refund for the credited about amount will be issued.
